

*Do you know someone suffering from cancer? This prayer to St. Peregrine can give you hope! This is for those praying for someone afflicted with this deadly disease:*

St Peregrine himself suffered from a cancerous sore on his leg and on his feet. Doctors decided upon amputation as treatment.

The night before the operation, Peregrine spent the night in prayer before a crucifix in a hospital chapel. He dreamt at one point there that Christ came down from the cross and healed his leg. When he woke up, he and his doctors, made the joyful discovery that he was completely cured. God had truly performed a miracle on this holy man!

Peregrine himself performed numerous miracles in his life. After his death in 1345, there were countless others, especially in Spain.

The Church attributed to him more than 300 cures of cancer and other illnesses from 1694 to 1726 in one city there alone!

***O great St. Peregrine, you have been called "The Mighty," "The Wonder-Worker," because of the numerous miracles which you have obtained from God for those who have had recourse to you. For so many years, you bore in your own flesh this cancerous disease that destroys the very fibre of our being, and who had recourse to the source of all grace when the power of man could do no more.***

***You were favoured with the vision of Jesus coming down from His Cross to heal your affliction. Ask of God and Our Lady, the cure of the sick whom we entrust to you. (Pause here and silently recall the names of the sick for whom you are praying). Aided in this way by your powerful intercession, we shall sing to God, now and for all eternity, a song of gratitude for His great goodness and mercy.***

***Amen.***
